

Fondements scientifiques

GUEGUEN N. MEINER S. Pourquoi la nature nous fait du bien, Dunod, 2012

(Ouvrage qui recueille les différentes études scientifiques sur le sujet)

Nicolas Guéguen est Professeur en Sciences du Comportement à l' Université de Bretagne - Sud.

Sébastien Meineri est Maître de conférences en psychologie sociale à l'Université de Bretagne -Sud. Ses travaux portent sur les procédures d'influence du comportement dans les domaines de l'environnement et de la santé
